NEWS RELEASE

May 27, 1999 – For Immediate Release

AIRBOSS INCREASES RUBBER MIXING CAPACITY TO 200 MILLION POUNDS ANNUALLY

Mr. R. L. Hagerman, President of AirBoss of America Corp., announced at the company's annual meeting today in Toronto that the planned custom mixing expansion at the company's 100% owned, ITRM custom rubber mixing facility in Kitchener has been completed.

Mr. Hagerman said "The first rubber was mixed today and the mixer will be operating commercially beginning immediately after initial trials. This is ahead of schedule and on budget."

The expansion brings AirBoss' rubber mixing capacity to approximately 200 million pounds annually, making it one of the top two custom rubber mixers in North America.

The expansion will allow the company to continue to provide large quantities of high-quality, polymers to a wide variety of North American rubber product manufacturers.

AirBoss of America Corp. is a manufacturer of rubber and plastic products specializing in patented parts for the transportation industry and custom rubber mixing and polymer compound development. AirBoss of America Corp. is listed on the Toronto Stock Exchange under the symbol BOS.
