### AirBoss refinances term debt

AirBoss of America Corp. ("AirBoss") announced today that it has refinanced its term loan facility with Integrated Asset Management Corp.

Two loans were advanced, consisting of a CDN \$9 million and US \$10 million loan, both having a 5 year term and a 15 year amortization with variable and fixed interest rate components.

The proceeds will be used to retire CDN \$15 million and US \$4.8 million of the existing term facility. In addition, AirBoss is currently negotiating a minimum of US \$6 million term facility to finance future growth. This financing is expected to close in the next few weeks.

With its operating line financing with Comerica of \$45 million, AirBoss has sufficient financing to meet its current and future cash flow requirements.
